FOR IMMEDIATE RELEASE

19 May 2023

MEMBER ALERT: BIOMETRIC VERIFICATION – PROOF OF LIFE

The Government Institutions Pension Fund (GIPF) is reminding all re-enrolled GIPF pensioners, children, and spousal beneficiaries in all the regions that the Biometric Verification (proof of life) process is now underway. As such, pensioners, children, and spousal beneficiaries are encouraged to visit the nearest GIPF offices countrywide without delay.

Verification (proof of life) on the Biometric system is key to ensuring that the Fund pays benefits to the rightful beneficiaries and on time. The GIPF will suspend the monthly benefit payments to those members who don't verify by 30th June 2023.

NOTE: Proof of life verification can be done without a biometric card. Members who have not yet received their biometrics cards will be informed when the cards are ready for collection.

Remember to verify at your nearest GIPF office 3 times a year.

1 March – 30 June

1 July – 31 October

1 November – 28 February

For more information members and beneficiaries are encouraged to call us on 061 205 1000, log onto our website on www.gipf.com.na or alternatively visit their nearest GIPF office.
